

## DO YOU NEED SECURITY CAMERAS?

Small businesses greatly benefit from having security cameras in place. These devices not only offer peace of mind but also enhance the overall physical security of the business. Security cameras act as a crucial deterrent for vandalism and theft, and provide critical information for law enforcement and insurance purposes in case of an incident.

**Contact us today to schedule a complimentary site survey!**

**Did you know?**  
Studies show having cameras lowers risk of vandalism by 60%

## WHY CHOOSE US?

Since opening in 2004 we have helped many businesses in Las Cruces to secure their physical locations and improve peace of mind while at work. Keeping businesses safe and protected is our passion!

-  We Understand Small Business Needs
-  Dedicated Project Contact
-  Years of Experience and Hundreds of Happy Customers!

## OUR PROCESS

We collaborate with your business to understand your requirements through an on-site survey. Afterward, we strategize the project and install your cameras with professionalism and speed.

### **Our process is as easy as 1-2-3-4:**

- 1 SITE SURVEY**  
Understanding project size and complexity.
- 2 PROJECT PLANNING**  
Develop an action plan for the installation of all cabling and equipment.
- 3 PROFESSIONAL INSTALL**  
Our qualified technicians perform work onsite to get your new camera systems and cabling installed.
- 4 POST-INSTALLATION SUPPORT**  
We help manage and support your devices after install to ensure optimal functionality.
